Hi Satish,

Why dont you update the Morrisville Apartments list.

I am in Bexley at Preston and find it quite pleasant to live here.

If you can update the list,might be helpful for someone who might be looking for a decent place to live.This apartments come under Morrisville Elementary.One of the best schools in the neighborhood.

Hi We are a family of 4 (couple with 2 children), and we are thinking of moving to Cary, NC due to the good weather there. I work from home and so no commuting issues. Reason for my post is to check with others to see if The lodge at crossroads is a good place to live. I did see that one user mentioned that its a good place and I wanted to see if someone else live there and could give me some inputs about the place and other things like schools, parks, grocery stores, restaurants etc. Any advice would be helpful and appreciated. Thanks again for your time looking at my posting and your time to respond to my query.
